

## GERMAN REICHSTAG TO MEET MONDAY TO CONSIDER SITUATION

### French Occupation of German Cities Presents Grave Questions To Be Solved

### New Communists Outbreaks Reported--Marine Brigade Collide With Mutineers

CARL D. GROAT, (United Press Staff Correspondent.)  
Berlin, April 9--The Reichstag has been called to meet Monday.

The government desires advice from the various political parties, it was learned, on the important pending questions. The session will be of great importance political observers believe because of the seriousness of the situation caused by the French occupation of the Rhine cities.

Reduction of the army as provided by the peace treaty is to be considered together with the problem built up by French occupation.

The belief prevails here that France will prolong her stay in Frankfurt and other Rhine towns on the pretext that reduction of the German army had not been completed and German forces in the Ruhr district had not been removed.

Reports here today told of a new communist outbreak in the region of San Gerunde where leaders were said to have declared a soviet republic.

Two battalions of the Baltic marine brigade at Doebertz conflicted with Berlin mutineers last night killing an officer, it was reported. The brigade was one of the chief supporters of the recent Von Kapp insurrection and had refused to disband when the Von Kapp army dissolved.

The situation was reported still critical last night. The mutineers refused to surrender to the Von Kapp commander. The mutineers were reported to be led by a "soldiers council" which plan to enter politics on their own behalf. Fighting continued throughout last night and today, according to reports in the city. Meantime reports of a new revolutionary movement were current in Berlin. Revolutionary leaders were said to have met here secretly and adopted a resolution to dissolve the Reichstag at the cabinet meeting today.

Berlin, April 9--The German government today dispatched a sharp note to France declaring Germany will hold the Paris government responsible for damage to lives and to property in the French occupation of Frankfurt and other German Rhine cities.

### Costs \$50 to File For State Office

(United Press)  
St. Paul, April 9--F. C. Brinsmade of Minneapolis today learned that it cost \$500 to be a candidate for the office of secretary of state. Mr. Brinsmade attempted to file as a democratic nominee for secretary of state and mailed a check for \$20, filing fee. Julius Schmah, secretary of state, notified him that the fee is \$50.

### Man Killed Because Of Hotel Fire

(By United Press)  
Grand Forks, April 9--One man was killed and a score of guests were routed from the Frederick hotel before daylight today because of a small fire in the basement. F. J. Stanbury of Minneapolis was killed when a rope of bed sheets he had made broke and he fell three floors striking an iron grating. Some of the guests saw Stanbury try to escape and warned him to go back, that the fire was out.

### Babcock Good Roads Plan Being Considered

State Conference of County Auditors and Commissioners Considering the Same

Minneapolis, April 9--A resolution favoring the Babcock plan for road building in Minnesota is expected to be passed unanimously late today at the close of the highway conference of county auditors and commissioners beginning Thursday and ending here today. With 490 auditors and commissioners present representing every part of the state the second day of the conference was opened at 10:30 at the West hotel.

The speakers this morning were Senator P. H. McGarry of Walker, Senator Iver J. Lee of Glenwood, and C. M. Babcock state commissioner of highways and father of the Babcock plan.

Senator Lee spoke in opposition to the Babcock plan.

### INTERESTING FACTS CONCERNING THE NATIONAL PRESIDENTIAL CONVENTIONS

One Third of Republican Delegates Elected One Third Instructed--Democrats One-Fourth Elected and Instructed

By HAROLD JACOBS (United Press Correspondent)

New York, April 9--Twenty-two of the forty-eight states have selected their delegates to the republican national convention either by primary elections or conventions. Thirteen of the states have picked their democratic delegates.

Republican delegates have been named in the following states: Arizona, Connecticut, Florida, Georgia, Kansas, Kentucky, Louisiana, Maine, Michigan, Minnesota, Mississippi, New Hampshire, New Mexico, New York, North Carolina, North Dakota, Oklahoma, Rhode Island, South Dakota, Virginia and Wisconsin.

Democrats have acted in these states: Arizona, Iowa, Maine, Michigan, Minnesota, Nevada, New Hampshire, New York, North Carolina, So. Dakota, Oklahoma and Wisconsin.

The twenty-two republican primary and state conventions already held represent 262 of the 984 delegates to be represented at the national convention. Of these 95 are instructed and 245 uninstructed. Nineteen are contestants. Added to these are two instructed delegates from the Philippine Islands who carry the republican nomination. A candidate must have at least 493 delegates.

In the thirteen democratic primaries and conventions 232 delegates have been selected of which 73 are pledged and 219 unpledged. There will be 1092 delegates at the national convention and 128 are necessary for a choice.

About one-third of the republican delegation thus have been selected and less than one-third of these have been instructed. Meantime less than 300 delegates will go to the convention definitely pledged to any candidate. Slightly more than one-fourth of the democratic delegates have been chosen and one-fourth of these are pledged.

### Movie Star Has Nervous Collapse

Los Angeles, Cal., April 9--Mary Pickford Fairbanks was under the care of a physician at her home at Beverly Hills today following what is said to have been a nervous collapse while working in her studio.

MRS. ESTELLE V. COLLIER

Mrs. Estelle V. Collier, who has been appointed collector of customs for Salt Lake City, is the first American woman to hold such an office. Mrs. Collier is chairman of the Democratic women's state committee. She is a native of Utah and the mother of four children. Her husband is a mining engineer.

### RAILROAD STRIKE BEING INVESTIGATED

By the Department of Justice, to Determine Whether Action Can be Taken Under the Lever Act

RALPH COUCH, (United Press Staff Correspondent.)

Washington, April 9--The department of justice has begun an investigation of the railroad strike in Chicago and other cities to determine whether action can be taken under the Lever act, it was announced today at the office of Attorney General Palmer.

The senate today ordered an investigation of the railroad strike. Without debate it adopted the McCormick resolution directing the senate interstate commerce committee through a sub-committee to investigate and report to the senate on the cause and purpose of the strike.

Officials of the big unions were bitter against the men who quit their jobs without sanction of headquarters, and there were indications that the long awaited fight between the conservatives and the radicals for control of the trade unions was at hand.

District Attorney Clynne, at Chicago, has been instructed to make a report at once on the strike there.

Attorney General Palmer, who was expected to return to Washington today or Sunday from Georgia where he has been campaigning may start back today.

During Palmer's absence the situation is being handled by C. B. Ames, assistant attorney general.

W. G. Lee, head of the Railroad Trainmen, in a telegram to Representative Cooper, of Ohio, today asked why bonafide unions were subject to law against strikes which do not apply to "renegade organizations," which he declared were responsible for the switchmen's strike. Lee asked that the matter be taken up with Attorney General Palmer.

### Jury Awards \$2500 for Death in Auto Accident

(By United Press)

Red Wing, April 9--The estate of Mrs. Alice Thompson today was awarded \$2,500 compensation as a result of her death in an automobile accident last labor day.

A suit for \$7,500 was brought against Anton Lundquist and his father, Andrew Lundquist. His mother was also named, but only the father and son were liable.

Mrs. Thompson and Miss Marietta Costella of Minneapolis were killed when the Lundquist's drove an automobile off a bridge near here. Jack Ryan, also an occupant of the car, escaped injury. Relatives of Miss Costella will bring a suit of \$7,000 against the Lundquists.

### President Will Veto Peace Resolution

Said Ex-Speaker Champ Clark in Debating the Resolution Today HERBERT WALKER, (United Press Staff Correspondent.)

Washington, April 9--President Wilson is certain to veto the resolution declaring peace which is expected to pass the house late this afternoon, Champ Clark, democrat leader, declared in today's debate on the measure.

"The resolution will never become effective and the republicans in trying to pass it are like the bull which tried to butt a railroad train off the track," Clark said.

He expressed a doubt that the resolution would reach a majority in the senate.

"It is a futile performance full of high sounding fury significant not in a special effort to 'make peace' but to make some political capital that is to act as a boomerang," the democratic leader said. "Instead of making peace it would lead us into all sorts of quagmires. All congress can do is to repeal the war laws which should be done at once," he said.

### Several Notables to be Asked to Recommend Legislation

By RAYMOND CLAPPER (United Press Staff Correspondent)

Washington, April 9--Herbert Hoover, Samuel Compers Wm. H. Taft and other national figures are to be asked to recommend labor legislation to congress and give their views on means to reduce industrial unrest, according to plans completed today by Senator Kenyon of Iowa, chairman of the education and labor committee. They will be asked to appear before this committee in the near future.

### Lone Robber Holds Up Mail Train

(By United Press)

Kansas City, April 9--A lone robber boarded the west bound Santa Fe train No 9 last night at Henrietta, Missouri, held up the four mail clerks and rifled the mail car. He jumped from the train with his loot at Sheffield, a Kansas City suburb. Postal clerks said the extent of the haul was unknown.

Roeser Files For Judge

St. Paul, April 9--Judge J. A. Roeser of St. Cloud today filed for the nomination as judge of the seventh judicial district.

### France Acted Without Approval Of the Other Allies in Occupying German Cities, It is Reported

ED L. KEEN, (Written for the United Press)

London, April 9--France acted without the approval of Great Britain, Italy or the United States when she occupied the German Rhine cities, according to authoritative information here today.

The allied attitude was made known following two long sessions of the British cabinet and a conference between M. Cambon, the French ambassador and Prime Minister Lloyd George.

The allies alignment in the opinion of observers here had split, at least temporarily, with Great Britain and Italy on the one side and France and Belgium on the other.

A dispatch from Brussels said the Belgian government, with the approval of King Albert, had sanctioned the French move, and agreed to send detachments to assist the French occupation forces.

Great Britain, it was said, has entered into negotiations with the French government to bring about adjustment of the delicate situation, by what British statesmen consider France's hasty and unjustified action in the Rhine advancement.

## UNAUTHORIZED STRIKE CLOSING INDUSTRIES ALSO FOOD SHORTAGE

### Estimated That 35,000 Men are out --Passenger Service is as Yet Unaffected

### Coal Mines Have Shut Down and Industries Closed Because of Lack of Coal

Industries in many sections of the country were closed down today because of the inability to obtain supplies as a result of the "unauthorized strike" of railroad yardmen and switchmen.

The strike which started in Chicago had spread to leading railroad centers of the nation from New York to San Francisco today. Estimates of the number of strikers is placed at 35,000 men.

Railroads report passenger service still unaffected, but thousands of cars loaded with food supplies stood on the switches.

The food situation in many cities will become serious in case it continued another week.

Shortage of coal was the first result of the strike felt by industrial steel plants in Buffalo, Gary and other centers where they were forced to close because of lack of power.

Coal mines in the Illinois and Indiana districts were shut down.

Live stock centers received only small supplies of stock. 50,000 men were idle in Chicago as a result of the strike, according to estimates.

Officials of the railroad brotherhoods are publicly opposing the strike. They said the walkout was the result of the organization of a rump union.

Investigation of the strike was started by the department of justice under the direction of Attorney General Palmer with the view of possible action under the Lever act.

This law was invoked in handling the strike of bituminous coal miners last winter.

A resolution providing for another investigation was before the senate. The resolution was introduced by Senator McCormick of Illinois, who declared congress must act immediately unless the executive branch of the government takes steps to end the strike in order to prevent serious shortages of food.

The American Federation of Labor apparently has taken no hand in the strike. Leaders of the Federation declared they believed that the regular organized unions would be able to control the situation.

Government Warned Not to Recognize Insurgents

Cleveland, Ohio April 9--The government today was warned not to recognize the insurgent yard workers by W. G. Lee, president of the Brotherhood of Railway Trainmen. The warning was contained in a message sent by Lee to W. L. Chamberlain, commissioner of the United States board of mediation and conciliation of Chicago.

Rationing in West May be Necessary  
Chicago, April 9--Rationing in the middle west may be necessary should the strike of the "outlaw" railroad union continue two weeks more, wholesale grocers said today. Rationing of sugar is certain before Monday if the strike continues.

With practically every wholesale grocery house in Chicago cut off from obtaining flour, sugar and other table staples, steps will be taken toward conservation by wholesale grocers to cut down orders of local dealers next week.

### Mine Workers President Sent to Jail

Pittsburg, Kansas, April 9--President Alexander Howatt, of the Kansas-Missouri district of the United Mine Workers, today was sent to jail by Judge A. J. Carrar charged with contempt of court. Howatt had denied the authorization of the newly created state court.

**SAGE TEA TURNS GRAY HAIR DARK**

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair.

That beautiful, even shade of dark glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray or streaked, just an application of two of Sage and Sulphur enhances its appearance a hundredfold.

Don't bother to prepare the mixture; you can get this famous old recipe improved by the addition of other ingredients at a small cost, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and lustre of your hair.

Everybody uses "Wyeth's" Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous. This ready-to-use preparation is a delightful toilet requisite for those who desire dark hair and a youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

## Another Royal Suggestion GRIDDLECAKES and WAFFLES

From the NEW ROYAL COOK BOOK

THERE is an art in making flapjack pancakes, griddle cakes or waffles, call them what you will. But it is an art very easily and quickly acquired if you follow the right recipes.

Here are some recipes for a variety of breakfast cakes that will make grandmother envious. The secret, of course, is Royal Baking Powder.

### Royal Hot Griddle Cakes

2 cups flour  
1/2 teaspoon salt  
4 teaspoons Royal Baking Powder  
1 1/2 cups milk  
2 tablespoons shortening  
Mix and sift dry ingredients; add milk and melted shortening; beat well. Bake on slightly greased hot griddle.

### Griddle Cakes with Eggs

1 1/2 cups flour  
1/2 teaspoon salt  
3 teaspoons Royal Baking Powder  
2 eggs  
1 1/2 cups milk  
1 tablespoon shortening  
Mix and sift dry ingredients; add beaten eggs, milk and melted shortening; mix well. Bake immediately on hot griddle.

### Buckwheat Cakes

2 cups buckwheat flour  
1 cup flour  
6 teaspoons Royal Baking Powder  
1 1/2 cups milk  
1/2 cup molasses  
1 tablespoon shortening  
Sift together flours, baking powder and salt; add liquid, molasses and melted shortening; beat three minutes. Bake on hot greased griddle.

### Waffles

2 cups flour  
4 teaspoons Royal Baking Powder  
1/2 teaspoon salt  
1 1/2 cups milk  
2 eggs  
1 tablespoon melted shortening  
Sift flour, baking powder and salt together; add milk to yolks of eggs; mix thoroughly and add to dry ingredients; add melted shortening and mix in beaten whites of eggs. Bake in well greased hot waffle iron until brown. Serve hot with maple syrup. It should take about 1 1/2 minutes to bake each waffle.

### Frost-Proof Corn.

Maize, or Indian corn, in its present form represents one of the great achievements of primitive planters, the North American Indian, says Robert H. Moulton in Popular Mechanics Magazine. It came originally from southern Mexico, and was eaten by the Maya tribes. At first it was nothing but a coarse grass, on which verminous ears resembling the top of the wheat stalk. The plant is essentially tropical and, despite centuries of culture in the temperate zone is still sensitive to frost.

### Russ-Peterson

On Wednesday evening March 31st a beautiful home wedding was celebrated at the home of Mr. and Mrs. I. W. Russ of Robinsdale, when their daughter Hazel became the bride of William Peterson of Little Pine.

The large living room was decorated with sweet peas and ferns for the occasion. Promptly at nine o'clock Miss Olga Franzick of Minneapolis sang "I Love You Truly" which was rendered very sweetly. Miss Helen Boehme, (cousin of the bride) also from Minneapolis took her place at the piano and began playing the wedding march (DeKoven).

The procession was led by the best man Geo. Peterson, a brother of the groom. The bridegroom came next and was followed by the bridesmaid Miss Catherine Webber. The flower girl Marguerite Morse dropped sweet peas in the path of the bride. The bride came last and took her place with the bridal party under the arch of ferns.

Rev. Francis D. White of the First Congregational church of Robinsdale read the words that made them man and wife. It was a beautiful and an impressive ceremony. After congratulations refreshments were served to about a hundred relatives and friends.

The bride's gown was made of a soft white satin. She wore a veil of net and carried a beautiful shower bouquet of pink roses intermingled with sweet peas. The bridesmaid was dressed in blue georgette crepe over mesaline and carried a shower bouquet of sweet peas.

The out of town guests were Mr. and Mrs. Peter Peterson of Little Pine, father and mother of the groom, Mr. and Mrs. Chas. Peterson, of Knapp, Wis., Louis Freeman, of Lake Benton, Mrs. E. E. Calkins, and children of Dickinson, N. D., and Geo. Peterson, of Little Pine, and Miss Myrtle Peterson of Maple Plain.

The bride is the daughter of Mr. and Mrs. I. W. Russ of Robinsdale, where she has a large circle of friends. She is a very charming and accomplished young lady.

The groom is a splendid young man of sterling quality. He served Uncle Sam during the World War, and since then has been on his farm at Little Pine.

The esteemed couple received many beautiful presents and left the next evening for Dickinson, N. D., for a few days visit with Mr. and Mrs. E. E. Calkins and will continue on to the coast. They may make Sunnyside, Wash., their future home.

## Home Garden Pests

The insects which prey upon the home garden increase the cost of living and add to the gardener's labors, both in town and country. They must be fought skillfully to be exterminated.

## VII. POISON OF POTATO BEETLES

The Colorado potato beetle, commonly called the "potato bug," needs no description to anyone who has raised potatoes. The wing covers are marked with ten longitudinal black stripes on a yellowish brown background. The larvae are red, soft-bodied, slug-like creatures with black heads and black spots along their sides.

As soon as the potato plants show above ground, these beetles are around ready to lay their eggs on the opening leaves. The yellow or orange colored eggs are laid on the under side of the leaves in clusters. These eggs hatch and the grubs feed voraciously on the potato leaves. When full grown they drop to the ground which they enter and there go through their transformations. In July the beetles of the second generation are seen and the process is repeated. The adult beetles from this generation remain in the ground over winter.

Spraying with arsenate of lead or paris green is the best method of control. The time to begin spraying is just as the eggs of the first generation begin to hatch. The poison may be applied either in the dust or liquid form. The real secret of success in killing potato bugs is to start early with the spraying applications. Do not wait until the "bugs" get big because then it requires more poison to kill them.—A. G. Ruggles, State Entomologist, University Farm, St. Paul.

The insects which prey upon the home garden increase the cost of living and add to the gardener's labors, both in town and country. They must be fought skillfully to be exterminated.

## VIII. PLANT DISEASES A DANGER

Plant diseases are another source of loss to the gardener. In order to avoid them the following suggestions are given in a bulletin in the course of preparation by R. S. Mackintosh, horticultural specialist of the extension division, University Farm:

1. Select bean and pea seed from healthy pods this year and save them for next year.
2. Plant only sound, healthy potatoes; soak for an hour and a half in corrosive sublimate solution, 1/4 ounce to 7 1/2 gallons of water in wooden vessels (corrosive sublimate is deadly poison when taken internally). The corrosive sublimate crystals must be dissolved in hot water.
3. Keep the garden free of weeds.
4. Train tomato vines so that the fruit will have plenty of air and light. Don't crowd any plants.
5. Never cultivate or hoe in the garden when the plants are wet; diseases are easily spread by so doing.
6. Destroy diseased plant parts as soon as they appear, in order to protect other plants.
7. Spray tomatoes and potatoes especially with Bordeaux mixture, 4-4-50, beginning when the plants are about 8 inches high and keeping them well covered throughout the season. Spray thoroughly, using a fine, mist-like spray which will cover all parts of the plant evenly without drenching.

## Matters of Taste.

"A man wants to laugh at the clothes his wife buys for him," remarked the citizen with the high-waisted coat. "I have observed that," responded Miss Cayenne. "And when he goes out and selects his own clothes his wife wants to cry."

## WILSON IS ABLE TO TAKE OUTINGS

PRESIDENT RECOVERS SUFFICIENTLY TO ENJOY RIDES ABOUT CAPITAL.

## CROWDS GATHER TO SEE HIM

Many Assembled at White House Gates to Get Glimpse of Chief Executive as He Starts on Journeys; Hair Has Turned White.

By JAMES P. HORNADAY.

Washington—President Wilson in his big touring car is once more a familiar figure in the streets of the national capital. For more than five months not to exceed a score of persons outside his immediately family and the attaches of the White House got a glimpse of him. Now he enters his automobile every other day promptly at 10 a. m. at the south or private entrance to the White House and a minute later passes out of the west gate, closely followed by another touring car containing six secret service men. Since the hour of his departure on these outings has become generally known there is nearly always a crowd made up of people who live here, and tourists, gather about the gate to see him go out. In a week or two more the local population will no longer be represented in this gathering, and the out-of-town folk will make up the crowd.

The president appears to enjoy getting in touch with the public once more even to the extent permitted by his physician. As he starts out on his morning drives there is always an expression of pleasure on his countenance as the crowd pays its respects to him. Several times during the last two weeks he has directed the chauffeur to stop his car just outside the White House grounds so as to afford the photographers a chance to "take" him. That the president is not yet a well man is indicated by the rule which his physician has laid down governing these outings.

## Allowed to Break Rule.

The rule is that he may go out in an open automobile, provided the weather is fairly decent, every other forenoon for one hour. This rule is not strictly observed. Frequently the party is absent from the White House for two hours and by permission of Doctor Grayson, he sometimes goes out two days in succession. The favorite drive is through Rock Creek Park, or down into Virginia, Alexandria way.

The president's personal appearance shows that he must have had a long, hard fight before he overcame the physical trouble that caused his collapse. He has aged perceptibly. His hair, which was steel gray last October, is now white, and there are lines in his face that were not there five months ago. His complexion is good, almost bordering on ruddy, and his general appearance gives the impression that he is rapidly regaining his health.

Admiral Grayson, the president's personal physician, is still unwilling to say how soon the President will be able to assume all the burdens that fall to a chief executive. By the admiral's orders Mr. Wilson is still hedged about with many restrictions and limitations. He does not see members of his cabinet except rarely, and even his secretary, Mr. Tamm, does not see him on public matters more than two or three times a week. The cabinet officers are still doing business with him through correspondence. Six diplomatic representatives of foreign nations are waiting to be formally received by him. Some of them have been here since late last fall. Within a few days another new British ambassador will arrive and his name will go on this waiting list.

## Possibility of Relapse.

No effort is made to conceal the fact that what some persons might regard as unusual precautions to protect Mr. Wilson are being taken because his physician realizes the possibility of a relapse. The recent authoritative statement, by one of the specialists associated with Admiral Grayson in the case, that Mr. Wilson suffered a slight stroke last October explains the precautions that are now being observed. Admiral Grayson and the consulting physicians testify that the president has practically recovered from the effect of the collapse, but they deem it of importance that he shall not overwork while getting back his strength and that he shall be protected against the possibility of sudden shock of any kind.

Under the restrictions imposed on the president he is permitted to transact all pressing public business. He has been doing this for the last two months, and for several weeks he has been permitted to clear his desk every day of the accumulation of matters requiring his attention. Mrs. Wilson continues to be his chief helper in disposing of public matters that must be taken care of.

## More Difficult Now.

"I don't believe politics is as easy a game as it used to be," remarked Senator Sorghum. "Why not?" "People insist on understanding exactly what you say. I can remember when a man could obtain a reputation for profound wisdom simply by quoting a few Latin phrases and a piece of poetry."

## NO NEED TO RUSH TO CHANGE BONDS

HOLDERS HAVE TIME TO EXCHANGE FOR PERMANENT BONDS.

## BANKS TO RENDER SERVICE

Institutions Will Make No Charge for Aid Given, Thus Completing Their Patriotic Assistance in Connection With War Loans.

By JAMES P. HORNADAY.

Washington—Owners of war bonds—and who is not such an owner—are confused over the rules and regulations for exchanging bonds. The temporary coupon bonds of the third Liberty loan had no interest coupons attached for interest accruing after March 15, 1920, and therefore became exchangeable by their terms on and after that date for new bonds with all subsequent coupons to maturity. The next interest payment on the third Liberty loan does not occur until September 15, 1920, and in the meantime, up to about September 6, 1920, the temporary third 4 1/2's will still be recognized as good deliveries in the market, so that there is no necessity for any immediate rush by bondholders to exchange their temporary bonds for permanent bonds.

The treasury has made provision in connection with these exchanges of temporary for permanent bonds whereby recognized banking institutions in the United States who make no charge for their services may effect exchanges without expense or risk on account of the transportation of the temporary bonds surrendered or of the permanent bonds issued upon exchange. Provision has also been made whereby incorporated banks and trust companies may make over the counter exchanges. In view of the liberal arrangements which have thus been made for effecting the exchanges, and in view of the fact that no charge for the exchange is imposed by the United States, the treasury is appealing to the banking institutions of the country to handle exchanges of temporary for permanent bonds without expense to the holders, and thus complete their patriotic service in connection with the war loans by carrying out this last, and mechanically the largest, operation related to our war financing without imposing charges for their own services.

## Available Within Few Weeks.

First Liberty loan converted 4 per cent bonds, second Liberty loan converted 4 1/2 per cent bonds, and third Liberty loan converted 4 1/2 per cent bonds are all expected to be available in permanent form for delivery in exchange for temporary bonds within the next month or six weeks, and exchanges of these bonds will be handled in substantially the same manner as exchanges of the third Liberty loan bonds.

Inasmuch as the temporary first 4 1/2's and second 4 1/2's, have coupons attached covering interest to June 15 and May 15, 1920, respectively, they need not be exchanged for permanent bonds until those dates; in fact, before June 15 and May 15, 1920, respectively, the permanent first 4 1/2's and second 4 1/2's are required chiefly for delivery upon conversion and exchange of temporary first 4's and second 4's, which have no coupons attached for interest accruing after December 15 and November 15, 1919, respectively, but whose exchange has been postponed awaiting the preparation of the permanent 4 1/2's, in order that both conversion and exchange might be effected simultaneously.

## Are Still Convertible.

The first 4's and second 4's are still convertible into 4 1/2 per cent bonds, and holders of temporary 4 per cent bonds are urged by the government to submit their bonds for both exchange and conversion. In the absence of written instructions to the contrary, temporary 4 per cent bonds presented for exchange for permanent bonds will be deemed to be presented also for conversion into 4 1/2 per cent bonds.

Exchanges of temporary fourth Liberty loan bonds will therefore not begin until approximately October 15, 1920. Temporary first second 4 1/2's do not become exchangeable until December 15, 1920. The first 3 1/2's and both series of Victory notes were issued originally in permanent form. All 4 per cent and 4 1/2 per cent registered Liberty bonds are already in permanent form and need not be exchanged for other bonds. Holders of temporary 4 per cent and 4 1/2 per cent coupon Liberty bonds are therefore urged by the government to present their temporary bonds for exchange for registered bonds instead of for coupon bonds in permanent form, and in that event will promptly receive registered bonds upon exchange. The exchanges of temporary for registered bonds may be made at any time.

## Easy.

Little seven-year-old James came home from school the first day with a determined look on his face. He was decided on one point. "Mother," he cried, "I'm going to leave school and be a school teacher." "Why, James," said his mother, laughing, "how can you? You don't know enough." "Don't know enough?" exclaimed the would-be teacher. "You don't have to know anything. All you have to do is ask questions."—Dallas News.

## AMUSEMENTS

## "My Sunshine Lady"

Except for the one fact of its theme being of fairy tale extraction, "My Sunshine Lady", Le Comte and Flesher's new musical comedy success coming to the New Park theatre Sunday, April 11 could lay claims to being the first of the awaited arguments in the sea of theatrical originality.

Fairy tales however, are not new to the stage. Many of its greatest successes have come from there and the pretty fairy origin of "My Sunshine Lady" has been deliciously preserved. The action, chaotic to the extreme, never once quite overcomes this flavor, so artfully has Howard McKent Barnes spun his yarn, and throughout the prologue it is maintained and to the end of last his scene, the finale, where, "they all live happy ever after." But, aside from this underlying theme it is in all other respects, a pioneer. Dearly tapping new veins of humor to freshen its comedy flow, and with unconventional introductions of the many characters in the scenes and their novel conceived relationships to each other, the author has literally upset the whole business of play-writing and from comparative obscurity he was overnight acclaimed for his marked individuality.

The story revolves around a comely maid from Brittany in whose mind dwells her fairy love's ideal while her heart seems to lead to another. Faithful to her fairy beliefs, however, she strives to control this new love and seeks for the one the fairies had told her was the one to make her happy. Her quest is set to end at a certain hour of a certain night in New York City, meanwhile, circumstances must govern her wanderings and these abound in all sorts of picturesque and confusing situations revealing plots, counter-plots and character duplicates until the little heroine, discovering the key to the turmoil, takes leadership in the "heart" conspiracy and after duly punishing her tormentors leads them to the scene of the fairies planning and they all live, etc., etc.

The delightful score by Harry Alfred contains a number of alluring and lingering airs and is sung by a splendid cast and an ensemble of wondrously charming girls.

## At the Best Theatre

"In Walked Mary" at the Best Theatre today and tomorrow. Mary—her full name is Mary Ann Hubbard, and she comes from Dixie of a poor but proud family—is impersonated by June Caprice, who is making her debut as a star in her own right.

This original story by Oliver D. Bailey is as bright and wholesome, as charming and delightful as all the poetic fancies June Caprice's name has the power to conjure. It tells the romantic story of a little Southern girl who walked into a delicate situation and into the heart of her hero at the time she walked, unannounced, into his home and announced she had come to stay.

In support of Miss Caprice in this romantic drama are Thomas Carigan, Stanley Walpole, Vivienne Osborne and Frances M. Gordon.

## DEMENTED WOMAN FOUND DEAD

Mrs. Joseph Matte of Fort Ripley Missing Since Easter Sunday Found Near River

## HAD WADED ACROSS THE RIVER

Body Found Near West Bank Where She Had Seated Herself on a Log and Passed Away

Missing since Easter Sunday, the body of Mrs. Joseph Matte, age 55, was found near Fort Ripley, frozen to death. The woman, believed mentally unbalanced, had left her home, waded across the Nokay-Schie and succumbed to cold and exhaustion.

Search was made in the river and it was partly by accident that the remains were discovered some distance from the river, seated on a log near the west bank.

She leaves no children. The sympathy of the community is extended to the bereaved family.

## ORGANIZE BALL TEAM

Blommer-Guthmann Team of St. Cloud Will Again Represent "Granite City" in Sport

(St. Cloud Journal-Press)

The Blommer-Guthmann ball team of St. Cloud has again been organized and Manager Schmidt has already taken to the clan a number of diamond stars. Some of last year's men will be with the nine this year but there is plenty of material available to make this team one of the strongest in this section of the state. The first workout will be taken at the old A. R. U. diamond north of the city on Sunday. A number of cities near St.

## BROOK TROUT BY THE CARLOAD HERE

State Game and Fish Commission Will Ship Same to Crow Wing Game Fish and Bird Protective League

## 50 CARS TO DISTRIBUTE SAME

Trout Fry to Arrive Monday Afternoon on St. Paul Train and to Be Taken to Streams

Through systematized work on the part of the Crow Wing Game, Fish and Bird Protective League this territory is to receive a carload of trout fry Monday afternoon from the State Game and Fish Commission.

The club which now has a membership of over 500, will have 50 cars at the depot to receive the trout fry and distribute the same as per arrangements mapped out, the club having designated the lakes and streams to be supplied.

This is the biggest shipment of trout fry ever received in this locality, in fact being larger than all shipments heretofore made by the State Game and Fish Commission.

It is proof of the interest aroused in this section of the lake district of Minnesota and of the growing sentiment for game propagation, stocking and preservation. In a short time this section will gain added fame as one of the best fishing sections in the states and with every one interested in carrying out game laws there will be an absence of "game hogs" resulting in fishing for everybody within the lawful limits provided.

Cloud will have strong competition in the field and the local Clothiers will find themselves facing teams as Little Falls, Sauk Rapids and Melrose can produce.

## WORLD CHURCH MOVEMENT CAMPAIGN

County Convention in Bethlehem Lutheran Church is Called to Order by Rev. E. A. Cooke

## OUTLINE FINANCIAL CAMPAIGN

Permanent Officers Named for the Year, D. D. Schrader Chairman Financial Drive

At the Interchurch World Movement county convention held at Bethlehem Lutheran church of South Seventh street on Thursday, Rev. E. A. Cooke of the First Methodist church called the meeting to order. A business session followed, local committeemen taking part.

In the afternoon Rev. E. A. Cooke presided at the opening and then relinquished the chair to Dean Wallace of Macalester college. Mr. Wallace, followed by Dr. Briggs of Minneapolis and D. D. Schrader of Brainerd, devoted themselves to discussions of finances. Rev. Cooke spoke on the general campaign.

Permanent officers elected for the year were county moderator Rev. E. A. Cooke, county chairman of financial campaign D. D. Schrader, Executive committee Rev. Fred Errington, Rev. F. M. Ohms, Rev. E. A. Cooke and D. D. Schrader.

In the evening an illustrated lecture was given by Dean Wallace on the World Church Movement. The drive will be under way throughout the United States from April 24 to May 2.

## Chinese New Year.

For several weeks before the New Year, Chinese business men do every thing in their power to get money to pay off all their debts, for a Chinese cannot pass over the year until all his obligations are paid or provided for. The New Year celebration usually ends with the Feast of Lanterns on the fifteenth day of the first moon. Lanterns of all sizes and descriptions are displayed, some representing animals, some flowers, some fruit, some in the shape of dragons. The lanterns are made of silk, cotton or gauze, painted in beautiful colors.

## Queer Time Measurement.

In the mountains of Montenegro, distance is often measured by the time it takes to smoke a cigarette. They are moderate and precise that a normal cigarette smoker lights one every half hour or so. Consequently, a cigarette's walk would be from one and a half to two miles.

## HELP CLUB OUT OF HOLE

Near the noon hour Dr. R. A. Beise, former mayor of Brainerd and always a lover of baseball and other sports, walked in to the Dispatch office and said:

"Here's my five. We can't afford to let the old team stick in a hole. I'll do my share to help pull them out."

As the question of finances will be more deeply considered by the citizens at large, there is no doubt that both ends will eventually be met by the club. The indebtedness amounts to \$293.31. Reducing this amount \$30 is in the bank and \$20 was subscribed yesterday. Balance to be raised Thursday was \$243.31.

The record to date is:  
Cash in Bank ..... \$30.00  
Subscribed April 8 ..... \$20.00

## Foster Elliot, Vocal Teacher

Mr. Foster Elliot, a baritone singer with a reputation in the East, where he has played important roles with the best musical comedy companies, is a new member of the Carnegie Musical Stock Company, which plays at the New Park Theatre every Monday.

Arrangements have been made with Mr. Elliot, whereby he will accept a limited number of vocal students, in conjunction with the Palmer School of Music, on Mondays only, and hours 9 a. m. to 4 p. m. and from 6 to 7:30 p. m. Appointments for instructions in voice culture should be made at once, by those interested, as the number of scholars will be limited, on account of the amount of time required for each individual, and the shortage of hours.

The following are a few press notices in regard to Mr. Elliot's professional abilities:

Douglas Gordon in the Norfolk Tribune: "Foster Elliot is the possessor of an excellent baritone voice."

Cumberland Times: "Not only was his voice pleasing, but his enunciation splendid."

New Orleans Tribune: "Foster Elliot revealed a baritone voice of amazing quality."

Jonesboro Tribune: "It is very seldom that a voice of such quality and cultivation is heard with a general musical comedy."

Mr. Elliott is a pupil of G. O. Friemore of the Indianapolis Conservatory of Music, and a graduate of the Clifton School of Music of Cincinnati, Ohio, a pupil of the well known instructor, H. C. Leach. He teaches the latest methods of voice culture, and his system is the last word in voice placement and tonal production.

This is an opportunity for Brainerdites to receive the best system of vocal instruction, from an experienced instructor, who will be with us until early fall, if conditions permit, and at exceptionally reasonable rates.

Little Falls, Sauk Rapids and Melrose at the Palmer School of Music, or phone New Park Theatre, for appointments, at once. Adt. 11

## Draw Anything.

You need never hope to get on, if you are the least anxious that the drawing you are actually at work upon should look nice when it is done. All you have to care about is to make straight, and to learn as much in doing it as possible. So then, though when you are sitting in your friend's parlor, or in your own, and have nothing else to do, you may draw anything that is there, for practice; even the fireproof or the pattern on the carpet; be sure that it is for practice and not because it is a beloved carpet, nor a friendly poker and tongs, nor because you wish to please your friend by drawing her room.—From Ruskin's "The Elements of Drawing."

## FINISH FIGHT TO HOLD THE SENATE

POLITICIANS TO WAGE STRENUOUS BATTLE TO CONTROL UPPER BRANCH.

### ONLY ONE OUT OF BIG RACE

Senator Sherman of Illinois Is Lone Non-Aspirant to Re-election While Terms of Thirty-two Others Will Expire Next March.

By JAMES P. HORNADAY.

Washington.—Each of the old political parties is making ready for an aggressive fight for the control of the next congress. One-third of the senate—32 senators—are to be elected, and an entirely new house of representatives. The senate is now so evenly divided politically that the politicians on each side see splendid possibilities for what they call a finished fight for possession of that body. At present there are 48 Republican members of the body, 47 Democratic members and one senator who is classified as "Republican and Progressive." On all partisan votes the body has stood 49 Republicans and 47 Democrats.

The terms of the following Republican senators expire on the 4th of next March, and this means that their successors must be elected next November: Frank G. Brandagee of Connecticut, Albert B. Cummins of Iowa, Charles Curtis of Kansas, William Dillingham of Vermont, Asle J. Gronna of North Dakota, Warren G. Harding of Ohio, Wesley L. Jones of Washington, Irving L. Lenroot of Wisconsin, George H. Moses of New Hampshire, Boise Penrose of Pennsylvania, Lawrence Y. Sherman of Illinois, Reed Smoot of Utah, Selden P. Spencer of Missouri, Thomas W. Wadsworth, Jr., of New York, J. E. Watson, Indiana.

The following are the Democrats whose terms will expire March 4: J. C. W. Beckham of Kentucky, George E. Chamberlain of Oregon, Duncan U. Fletcher of Florida, Edward J. Gay of Louisiana, Thomas P. Gore of Oklahoma, Charles B. Henderson of Nevada, Edwin S. Johnson of South Dakota, William F. Kirby of Arkansas, John F. Nugent of Idaho, Lee S. Overman of North Carolina, Thomas D. Phelan of California, Ellison D. Smith of South Carolina, Heke Smith of Georgia, John Walter Smith of Maryland, Marcus A. Smith of Arizona, Charles S. Thomas of California, and Oscar W. Underwood of Alabama.

Fighting Ground Is Narrowed.  
It will thus be seen that there will be senatorial elections in 15 states that are now represented by Republicans and in 17 states that are now represented by Democrats. The senatorial fighting ground is admittedly rather narrow. As the politicians in the two parties figure it out, there are not to exceed four states now represented by Republicans in which there is a chance for the opposition to win and not more than three states represented by the Democrats in which the opposition will have much of a chance to elect. According to this view, the fighting ground is limited to seven of the thirty-two states that will elect senators. The four states now represented by a Republican senator whose term will expire, in which there will be sharp contests are New York, Ohio, Indiana and Missouri, while the three states now represented by Democrats in which there will be sharp fighting, according to the politicians, are Maryland, Colorado and Kentucky.

Practically all of the 33 senators whose terms will expire the fourth of next March desire to be re-elected. Indeed, the only one of the 33 who has said that he will not be a candidate for re-election is Senator Sherman of Illinois.

For the Lower Branch.  
The congressional campaign committee of each of the old political parties is already organized for the contest for control of the next house of representatives. At present the Republicans have an overwhelming majority in the house. The 435 house members are classified as follows: Republican, 236; Democrats, 199; independent, 1; independent Republicans, 2; Prohibitionist, 1; vacancies, 5. To a considerable extent every candidate for the house of representatives is obliged to make his own campaign issues. The political parties have never found it expedient to try to make nation-wide issues applicable to all the congressional districts. Just how the congressional campaign will shape up is not yet clear to the politicians. In a general way the Republicans will, of course, "point with pride" to what the present house has accomplished. On the other hand the Democratic representatives will take the position that the legislative record of the majority is not what it should be.

Prohibition as an Issue.  
It seems inevitable that the question of whether federal legislation for the enforcement of nation-wide prohibition shall be modified will be an issue in a good many of the congressional districts. The wets have finally determined to try to elect as many representatives as possible who will favor federal legislation that will authorize the manufacture of beer and light wines of small alcoholic content. It seems to be settled that neither of the old parties will, in its national convention platform, lead any encouragement to the forces that would break down national prohibition.

SERG. EDWARD J. SEITZ

Sergt. Edward J. Seitz of Camp Devens has been given \$10,000 by a wealthy woman of New York, a near relative, on condition that he marry as soon as he is discharged from the army.

### Doves Hatched a Hen's Egg.

A novel experiment of Mrs. Ernest Hirsch of Pittsburgh has proven a success. Two doves owned by Mrs. Hirsch, after three weeks of waiting, became the foster parents of a baby chicken.

Several weeks ago Mrs. Hirsch, as an experiment, placed a full-sized hen's egg under the mother dove. At the time she did not believe the dove would hatch the egg, and day after day would watch the nest, expecting the dove to leave the nest. However, the birds alternated in sitting upon the egg and finally their patience was rewarded. A "chick" pecked its way out of the shell and immediately tried to get out of the nest.

### Vote of Thanks for Monach.

It is suggested in Melbourne, Australia, that the federal government should accord a vote of thanks to George Monach for his great service to the country.

### Careful Mothers Insist on Foleys

Foley's Honey and Tar Compound has been used in so many homes for so many years that mothers everywhere know that this standard family medicine contains no opiates or other ingredients that are injurious to children or adults. Children like it and it does them good. For coughs, colds, croup, whooping cough. H. P. Dunn. mwf
